

# WINS 2026

## The 7th Biannual Workshop for Inelastic and Elastic Neutron Scattering

21-23 September 2026, in-person workshop

European Commission, Joint Research Centre (JRC), Geel, Belgium

### What is WINS?

WINS is a biennial technical workshop designed to unite scientists from around the globe who are engaged in the study and calculation of neutron elastic and inelastic cross sections.

WINS2026 marks the seventh iteration of this series, following successful workshops in Troy, NY, USA (2023), Predeal, Romania (2018), Santa Fe, USA (2016), Dresden, Germany (2014), Boston, USA (2012), and Strasbourg, France (2010).

### Topics

- Recent experimental results
- Novel experimental setups and techniques;
- Theoretical developments and advancements;
- Nuclear data evaluations
- Covariance and uncertainty analysis
