

Session Program

27-29 Apr 2026

World Quantum Days in IFIN-HH

Session 2

National Library of Physics

Monday 27 April

11:00

Session 2

Session | **Location:** National Library of Physics

11:00–11:30

Exploring the Steady-State Phase Structure of a Driven Kerr Oscillator

Speaker

Dr Gabriel Pascu

11:30–12:00

Quantum communication using Gaussian variables

Speaker

Dr Marina Cuzminschi

12:00–12:30

High Power Lasers in quantum information: Novel Perspectives

Speaker

Dr Alexei Zubarev

12:30
