Session 2

Session | Location: National Library of Physics

11:00-11:30

Testing Quantum Mechanics Underground: Pauli Exclusion Principle and Collapse Models

Speaker

Prof. Catalina Oana Curceanu

11:30-12:00

On the couplings between Weyl and electromagnetic fields

Speaker

Prof. Eugen-Mihaita Cioroianu

12:00-12:30

Generalized Brackets and their Dynamical Effect

Speaker

Dr Ciprian-Sorin Acatrinei

12:30
